Information folder and Fund Facts Booklet addendum

On February 14, 2025, the Fund Facts for the fund listed below are amended to reflect the updated name of the segregated fund and the underlying fund in the “What does this fund invest in?” section. The table shows the existing and new segregated fund name, and the existing and new name of the underlying fund.

This update is being made to reflect an underlying fund change. With this change AGF Investments Inc. is now the manager of the following segregated fund.

Existing segregated fund name	New segregated fund name	Existing underlying mutual fund name	New underlying mutual fund name
Canadian Focused Growth II	Canadian Dividend and Income	Canada Life Canadian Focused Growth	AGF Canadian Dividend Income

Currently the fund is closed to the allocation of premiums unless a client held the fund as of November 4, 2019. With these updates that restriction is being removed effective February 14, 2025, and the funds will be available for premiums and switches.

The Fund Facts, forming part of the Canada Life Generations information folder, are amended to reflect where a segregated fund is currently “Managed by”. For the above change, Mackenzie Investments will now be replaced with AGF Investments Inc.

No other changes were made to either the information folder or Fund Facts.

This addendum is part of your information folder and Fund Facts Booklet. The information folder contains important provisions that you should read prior to investing. The information folder contains general information about your policy and includes a summary of the various types of risks that may apply when you invest in a segregated fund. This addendum is not an insurance contract.

The Canada Life Assurance Company (“Canada Life”) is the sole issuer of the individual variable annuity policy described in the information folder.
